Pricing Structure	Pricing Structure	JWA Consulting charges a flat fee for the specific project, based on the nature of the work. We do not work on commission or charge per hour, since we feel this is the fairest arrangement for our clients. There are no additional fees for local/regional travel or other expenses.	Lowcountry Synergy works with each client to determine a mutually agreeable price and payment arrangement, such as hourly, monthly retainers, and lump sums. For short duration/high impact projects, hourly-based payment is often preferable. Monthly retainers and lump sum payments are mostly for deliverable based contracts with pre-defined deadlines.	The standard hourly rate for non-profits is \$50 per hour. Give us your budget and, we will try to meet your needs. We provide estimates for large projects. We often provide customized packages specifically for nonprofits. This allows you to select what fits best. Billing is the end of every month, net 30.
