

Your annual gift enables local nonprofits to make a lasting difference in our community and builds Women in Philanthropy's endowment.

For more than 20 years, WIP has raised \$3 million—awarding \$1.2 million in grants and growing a \$2 million endowment to ensure a lasting legacy of giving.

“The amount of money in giving circles has tripled over the last decade, with an estimated \$1.29+ billion being granted. And, it's women who are fueling the growth of giving circles - about 70% of giving circles are majority female.”
